## About the Queensland Association of School Tuckshops

The Queensland Association of School Tuckshops is an active non-government organisation dedicated to the promotion and support of Queensland school communities in their endeavours to offer nutritious, hygienic and economically viable food services. QAST works closely with parent bodies to coordinate services and is recognised as a lead support agency for the implementation of the Queensland Government's Smart Choices Healthy Food and Drink Supply Strategy. QAST is also a Registered Training Organisation delivering nationally accredited training that meets the specific needs of tuckshops and canteens.

Operating as an incorporated association since 1996, QAST members benefit from the wealth of experience of its management committee and quality services delivered by industry professionals. Tuckshop convenors on the management committee provide invaluable first-hand insight into current issues and assist in understanding and managing such issues. Staff who deliver services to our members have expertise in tuckshop management, food safety and technology, nutrition and working with parent groups and school communities.

**To join please complete the form on the reverse side and return to QAST**
